

HAYVITA R K

Dynamic final year graduate with a strong interest in Java and web development seeking a developer role to leverage skills in Java programming and web technologies to contribute effectively to innovative projects.

EDUCATION DETAILS

B.Tech INFORMATION TECHNOLOGY

Velammal College of Engineering and Technology.
CGPA - 8.74 (Upto 7th Semester)

HSC

Sri Aurobindo Mira Matriculation Higher Secondary School.
Percentage : 80.3

SSLC

Mepco Schlenk Matriculation Higher Secondary School.
Percentage : 95.2

PROJECTS

Stock Price Prediction using ARIMA Model

Developed a web application for predicting stock prices using Autoregressive Integrated Moving Average (ARIMA) model. Implemented data preprocessing, model training, and prediction, obtained an accuracy score of 97.8%.

Strategic Implementation of SVM for Accurate Detection of Parkinson's Disease

Engineered a predictive model with Support Vector Machine (SVM) algorithm in Machine Learning. Achieving a notable 96% detection accuracy for Parkinson's Disease, reflecting a strong aptitude for healthcare analytics and algorithmic problem-solving.

- Did some hands-on projects on Web Development and hosted them in github.

Technical Skills

- JAVA
- C
- HTML & CSS
- JavaScript (Basics)
- SQL
- Programming
- Web Development

Area of Interest

- Object Oriented Programming
- Database Management System
- Web Development

Soft Skills

- Multi-tasking.
- Time Management
- Adaptability
- Team Player
